Internal CUWF References

The following internal references are cited as conceptual predecessors within the CUWF A-series. Titles may be adjusted during final series-wide compilation if the canonical paper list is updated.

CUWF Paper A-1. Foundational Ontology of the Chayut Universe Wave Function Framework.

CUWF Paper A-2.5. Four Primitives, Core Concepts, and Structural Pillars of CUWF.

CUWF Paper A-3. Entropic Geometry and the Emergence of Spacetime.

CUWF Paper A-4. Collapse, Observation, and the Formation of Reality Nodes.

CUWF Paper A-6. Quantum Tunneling under CUWF: Barrier Crossing as Entropic Resonance Reinstantiation.

CUWF Paper A-8. Time Illusion and the Simultaneity of Cause-Effect in Entropic Wave Space.

CUWF Paper A-10. The Arrow of Time under CUWF: Entropic Direction, Irreversibility, and Cosmic Memory.

CUWF Paper A-11. The Nature of Light in the CUWF Framework: Why the Speed of Light Is Constant, Why It Is Maximal, and Why Nothing Spacetime-Bound Can Surpass It.

CUWF Paper A-12. Cosmic Breathing under CUWF: Structural Cycles of Accessibility, Coherence, and Collapse.

CUWF Paper A-15. Dark Matter and Dark Energy under CUWF: Entropic Geometry, Hidden Coupling, and Apparent Cosmic Acceleration.

CUWF Paper A-17. The Origin of Charge and Spin in CUWF: Phase Orientation, Topological Winding, and Resonance Symmetry.

CUWF Paper A-18. Quantum Information Architecture under CUWF: Collapse Routing, Entanglement Structure, and Communication Boundaries.

CUWF Paper A-19. Quantum Fields under CUWF: Fields as Entropic Wave Modes, Particles as Collapse Resonances.

CUWF Paper A-20. CUWF Quantum Vacuum. Forthcoming / next paper in the A-series.
